

Bourbon, IN: We've been waiting for the other shoe to drop weather-wise here in Indiana and this past week (and the next 3-4 days, according to the forecast) seems to be that shoe hitting the floor. With the temperature about 5 above and wind chills in the -20s, travel was dangerous.

Eight hardy teams showed up to play for the prize which was as much as any 16-team event. It was decided to play only the front two boards and leave the 3 boards in back room to the cold.
